PART II.

STUDY ON BACHELOR'S AND MASTER'S PROGRAMMES OF STUDY

Article 4

Course of Study

1. An applicant shall become a student on the date of registration at the University. S/he shall have the right to attend all forms of instruction at the Faculty within the registered study plan from that date. Registration shall be held on dates determined by the Dean of the Faculty.
2. The Faculty shall issue to the student a Study Credit Book and a Student Identity Card during registration. Students shall make a matriculation oath; the dates of matriculation ceremonies for individual faculties shall be determined by the Rector.
3. Any student shall have the right to attend lectures within the University.
4. Registration for each year of study shall be carried out in the time period determined by the Dean. The announcement of registration shall be published on the official noticeboard not later than 2 months before the registration date. On registration for a year of study the student shall be obliged to submit her/his Study Credit Book so that the fulfilment of her/his study obligations can be checked. The student who has fulfilled study obligations entered in her/his Study Credit Book may register for the following year. Another condition for registration may be the fulfilment of other requirements resulting from the regulations of healthcare establishments; these requirements shall be provided in the Dean's measure. Other conditions for registration of students on the parallel programme of study in English shall be defined in a contract made between the Faculty and the student.
5. A study obligation shall be defined as passing an assessment of study in the form prescribed in the study plan (Art. 6 (1)).1
6. The student shall enter in her/his Study Credit Book the compulsory part of the study plan for the individual year of study: compulsory and elective study obligations. The fulfilment of all entered study obligations shall be checked during registration for further years of study according to cl. (1). Students of Charles University in Prague, who have not registered at the Faculty, may submit a written application for entering the subjects from study plans implemented by the Faculty. If the Dean approves their application, the Study Department shall confirm the entry into the Study Credit Book.
7. Registration for a year of study shall be terminated 10 working days after the commencement of instruction. A student may submit a written application for the postponement of the date of registration, however, only for particularly serious reasons (health, personal, stay abroad, etc.) and s/he must have fulfilled all study

obligations required for progression to the higher year of study before the specified date of commencement of instruction.

8. The names of students who have failed to register without an excuse shall be published on the official noticeboard as a summons to alternative registration. The dates of alternative registration shall be published on the official noticeboard not later than 10 days before the alternative registration. The failure to register after the summons shall be considered as a case under Art. 12 (1) (b). This provision shall not apply if the student failed to register on the alternative date for serious reasons.
9. A student who has failed to fulfil no more than two study obligations in a year of study may be permitted by the Dean to repeat the year of study upon a written application filed not later than 10 days before the termination of registration. The Dean may waive the default of time in justified cases. If a student has not fulfilled more than two study obligations in a year of study, or if s/he has not been permitted to repeat the year of study under the first sentence of this clause, such situation shall be considered as a case under Art. 12 (1) (b).
10. The repetition of a year of study may not be permitted more than twice in the whole course of study; however, the same year of study may not be repeated twice. In the repeated year the student shall be obliged to fulfil all study obligations in subjects which have been the cause of repetition. Students of the parallel programme of study in English shall pay the tuition fee for the repeated year of study only for study obligations which have been the cause of repetition.
11. If a student files an application for transfer from one form of study to another within the same Bachelor's or Master's programme of study, the Dean shall approve the application unless s/he finds any obstacles to the arrangement of instruction for the student in the requested form of study. The application must be filed at least three months and not later than two months before the end of the respective academic year. One unit of study must always be completed only in one form of study. The provisions of Art. 9 shall not be prejudiced by this clause.

Article 5 Interruption of Study

1. Studies on a programme of study may be interrupted more than once.
2. The Dean may interrupt study of a student upon the student's written application or on her/his own initiative if this is necessary to prevent damage threatening the student, provided that the origin of the damage is not related to the previous fulfilment of study obligations. If a student applies for interruption of study after s/he has proved the fulfilment of obligations in the given unit of study and before s/he has registered for the following unit of study, and unless disciplinary proceedings have been initiated against the student, the Dean shall approve such application; study may be interrupted in this way for the minimum period of one term. Cl. (8) shall not be prejudiced by this provision.
3. The Dean shall interrupt study on her/his own initiative to the student who has been under the obligation to pay tuition fees under s. 58 (3) or (4) of the Higher Education Act and has not paid the fees within 15 days from the delivery in her/his own hands of notice to pay such fees; this provision shall not apply if it appears that there is a substantial fact which would result in the Dean's proposal for the reduction, waiver or deferral of payment of the fees. In such case the proposal shall be delivered to the Rector without undue delay. In the notice to pay the Dean shall inform the student of the right to state facts suggesting that the duty to pay has not arisen or ceased to exist, or that there is a justification for the reduction, waiver or deferral of payment of the fees. If the student applies for a personal interview before the decision is issued, s/he shall be invited to an interview without delay.
4. Under cl. (3) study shall be interrupted for the period remaining to the expiration of the maximum duration of study. If the fees are paid and the person applies for the termination of interruption of study, the Dean shall approve the application and decide to terminate the interruption of study not later than on the last day of the term in which the application was filed or on the last day of the academic year, if the application was filed during the summer term or vacations.
5. On the date of interruption of study the student shall lose the status of student under the Higher Education Act, and time periods for the fulfilment of study obligations shall neither start nor continue. Upon termination of interruption of study, the Dean shall decide the assignment of the student to the appropriate unit of study, if necessary. If the student's study plan was changed during the interruption of her/his study, the Dean shall determine which study obligations the student must fulfil as well as deadlines for their fulfilment according to

the Study and Examination Rules and the respective programme of study; in this connection the Dean may also impose the obligation on the student to take differential examinations in a prescribed period of time.

6. Upon expiration of the period of time for which the study was interrupted, the person to whom the study was interrupted shall acquire the right to re-register for study. If the reasons for interruption of study no longer apply, the Dean may terminate the interruption of study upon written application filed by the person to whom the study was interrupted even before the expiration of the period of interruption. If the person does not register within the given period of time, the provisions of Art. 4 (8) shall apply.
7. With the exception of cases where the reasons are particularly serious, mainly health reasons, study may not be interrupted before the completion of the first year of study.
8. The longest overall period of interruption of study² shall be such period, which together with the real period of study shall not exceed the maximum duration of study. The real period of study shall be the period which has elapsed from the date of registration at the University minus the period of time for which the study was interrupted.
9. If a student on a Doctoral programme of study applies for interruption of study the Dean shall approve such application, unless disciplinary proceedings have been initiated against the student in which the Disciplinary Commission has proposed the sanction of expulsion from study, the Dean has neither mitigated the sanction by her/his ruling nor referred the case back to the Commission, or the Rector has cancelled the Dean's ruling. Study may be interrupted for a minimum period of one year. The longest overall period of interruption of study shall be five years.

Article 6

1. The forms of assessment of study shall be continuous assessment, credits, examinations, State Final Examinations, State Rigorous Examinations, the defence of a dissertation thesis and State Doctoral Examinations.
2. Credits shall be awarded upon the fulfilment of requirements specified for a given subject. If a credit and an examination are prescribed by the study plan, then obtaining the credit shall be the condition for taking the examination. Conditions for awarding credits shall be determined by the head teacher of the subject at the beginning of instruction and s/he shall publish them in the usual manner. As a rule, the conditions shall not be changed during the academic year; in especially well-founded cases the Dean may permit an exception following proposal by the Academic Senate; her/his decision shall be final. The teacher shall enter the word "započteno" ("credit") in the Study Credit Book. Where a credit is not awarded, nothing shall be entered in the Study Credit Book.
3. The forms of examination shall be written, oral, practical and combined. A combined examination shall consist of at least two forms mentioned in the first sentence. In all forms of examination the student may require detailed information concerning the results (including the possibility to examine the results of the written part of examination - tests, written papers, essays, etc.).

The result "neprospěl/a" (failed) shall not be entered in the Study Credit Book, only the date of examination without a signature shall be entered. Classification by grade "neprospěl/a" (failed) shall mean that the student has not passed the required form of assessment of study.

² S. 54 (1) of the Higher Education Act

7. A student may not take any exam more than three times, i.e. s/he shall have the right to two resit dates; no extraordinary resit date³ shall be permitted. On Doctoral programmes of study a student may not take an exam more than twice, i.e. s/he shall have the right to only one resit date.
8. The number of examination dates must correspond to the number of students and the dates must be spread over the whole examination period. The head teacher of the subject shall announce a sufficient number of examination dates, so that the overall examination capacity shall exceed at least by 50% the number of students to be examined, and s/he shall determine the maximum number of students that can register for the given date. The calculation of number of examination dates shall be based on the list of students in the respective part of instruction provided by the Study Department. The head teacher of the subject shall also assign examiners and their alternates for individual dates. The provision in the first sentence above shall not constitute the right to arrange for a special examination date. The provision in the first sentence of cl. (7) shall not constitute the right to arrange for a special examination date.
9. The Dean may, on her/his own initiative or upon request of the teacher or student, decide that the examination shall be taken before a board, which shall be nominated by him/her.
