The alternative date of entrance exams

If you are not able to sit the entrance exams on the date you are registered for, especially from serious health reason, you can ask for the alternative date of entrance exams by e-mail in 3 days from the original date. The medical report is required and the Dean will consider whether your reason is relevant or not.

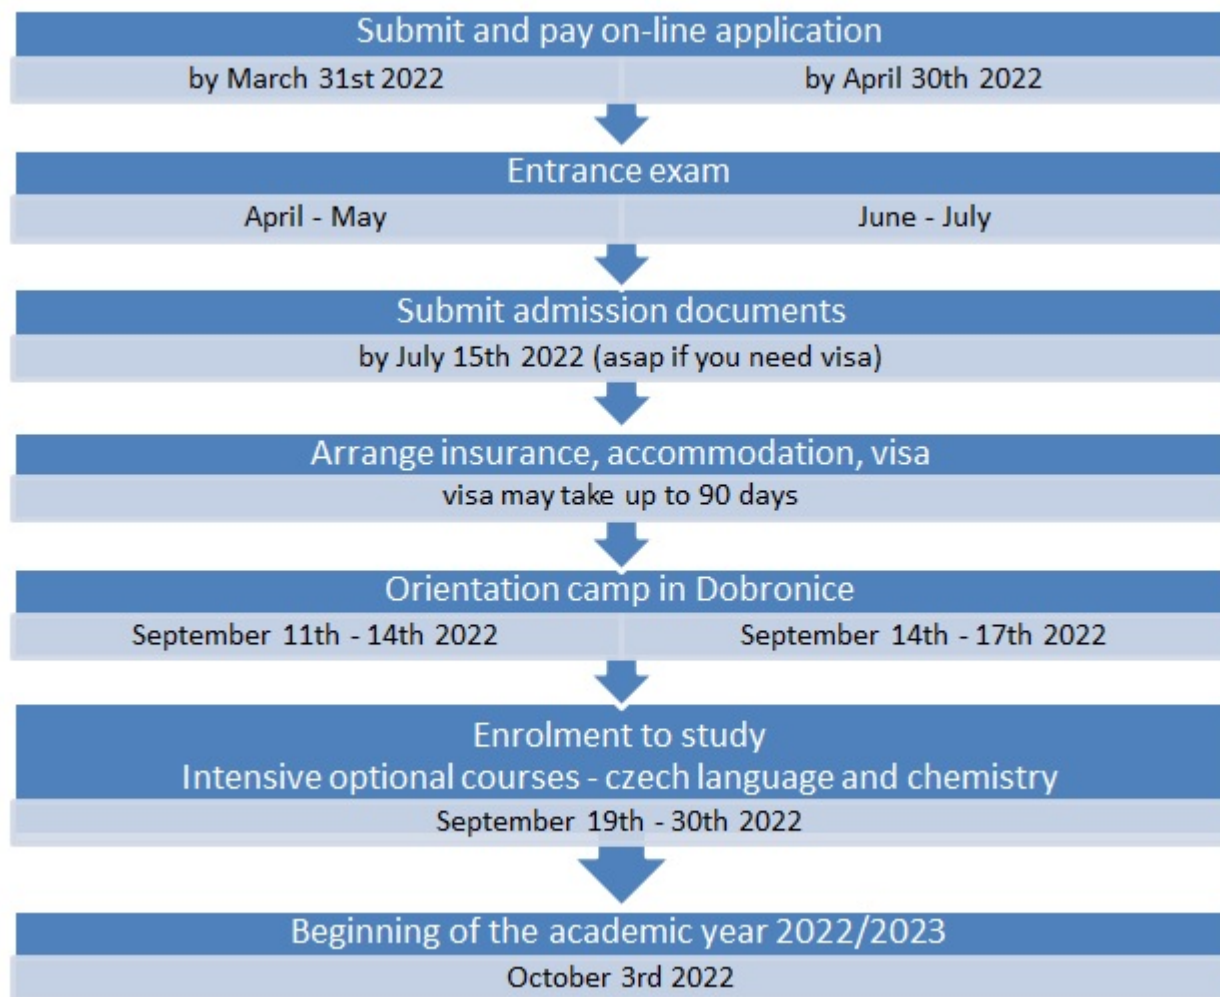

The alternative date of entrance exams is on **July 11th 2022 in Prague.**

Deadlines and admission schedule

The deadline for submitting the on - line application form and payment of the admission fee for the entrance exams in April and May 2022 is **March 31st 2022.**

The deadline for sending the on - line application form and payment of the admission fee for the entrance exams in June 2022 is **April 30th 2022.**

Admission schedule

After successful admission (the entrance exam and recognition of the admission documents) the applicant receives an Admission letter from the faculty, which is usually required as part of the visa application. It is highly recommended to apply for VISA by June, so it is issued by the beginning of the academic year.

Admitted applicants enrol to the study during September (in Dobronice camp or at the faculty), the latest possible date to enrol is October 21st 2022.

Number of admitted applicants

Maximum **65 students** will be admitted for the academic year 2022/2023 to study medicine in English language on the basis of entrance examination, maximum of **25 students** will be admitted without the need to carry out on entrance examination.

Annual tuition fee

CZK 350.000 (Czech crowns)

The tuition fee covers the period from September 2022 to June 2023 and has to be paid by October 31, 2022.

How the entrance exam looks like

The Faculty seeks students with appropriate academic qualification, good command of English and high motivation to study medicine. The entrance examinations have 2 parts:

1. part - written multiple - choice tests in Biology, Chemistry and Mathematics or Physics

The test is conducted electronically on applicant's laptop/other device.

There are 90 questions in the test, 30 questions in each subject, with only one correct answer out of four.

Minimal and maximal possible number of points is: minimum **0** - maximum **90**

The dean will set the minimal number of points to proceed to the second part of the examination based on the results of the first part of the entrance exams.

2. part - an interview, which involves: interpretation of a popular - scientific text, general overview, the ability of an independent judgement, communication skills

Minimal and maximal possible number of points is: minimum **12** - maximum **62**

The number of points required for admission is determined by the Dean based on the entrance exams results. The range of topics for Biology, Chemistry and Physics/Mathematics [sample tests can be found here](#) .

Admission without the need to carry out an entrance examination
