A WELCOMING CAMP FOR NEW STUDENTS

Welcome to LF3,  
Welcome to Dobronice.

Dobronice is our annual adventure camp, organized for all new students of our faculty. Here you will meet your new classmates whilst learning everything you need to know about your studies.

## THE PROGRAM

Your days in Dobronice will be divided into mornings and evenings. During the day you will have a full schedule of activities and lectures about the faculty and first year. We'll explain you the credits system and what you need to pass; Tell you about all subjects and how to study for them; and give you a lot of advice about the life at the faculty in general.

When arriving at the meeting point at the station our team of older students, teachers and staff will be waiting for you. After a quick check-in, we'll brief you through the program and introduce you to your coach, an older student assigned to your group to guide and help you during the year.

Afterwards, we will head off together by bus for what promises to be a trip you will never forget.

After dinner the evening program begins. From a cosy night at the bonfire, to an energetic night full of music at a local pub - there will be no time to be bored.

The Dobronice camp is meant for you to meet the community at LF3 and quickly become part of it. It's our way to welcome you and make sure you start off the year in the best possible way.
