## Vita Nostra Revue 2020/1-2

Dear readers, due to a number of unexpected complications the first issue of *Vita Nostra Revue* has been published just now. As the faculty and hospital were in a special functional mode in the spring months of this year, the content is a little bit non-standard. The content is mainly focused on covid-19 and is also untraditionally available in English, so more people can read it. Enjoy reading!
