Alternative date

If you are not able to sit the entrance exams on the date you are registered for, especially from serious health reason, you can ask for the alternative date of entrance exams by e-mail in 3 days from the original date. The medical report is required and the Dean will consider whether your reason is relevant or not.

The alternative date of entrance exams is on **July 2nd 2024 in Prague.**

How the entrance exam looks like

The entrance examination have 2 parts:

Written part of the examination

The written test includes 3 parts: Biology, Chemistry, Mathematics or Physics (you will choose the maths or physics test just before you take the exam).

The test is conducted electronically on applicant's laptop/other device. Each part has 30 questions. In total, you will answer 90 questions.

Each question has only 1 correct answer out of 4 possible answers. Each question is for one point, you can get **0-90 points** on the written part of the exam.

The minimum number of points obtained in the written part:

The minimum number of points is not predetermined. It is set by the Dean of the faculty based on the results of the first round of written tests in a current academic year.

An interview

The interview includes: interpretation of a popular science text, general overview, ability to make independent judgments, communication skills.

Based on the interview process, the faculty seeks students with relevant academic qualifications, good communication skills in English and high motivation to study medicine.

Minimum points obtained in the interview:

Possible number of points is: minimum **12** - maximum **62**

Number of admitted applicants

Maximum **65 students** will be admitted for the academic year 2024/2025 to study medicine in English language on the basis of entrance examination, maximum of **25 students** will be admitted without the need to carry out an entrance examination.

Sample questions

Entrance exams syllabus:

Syllabus of mathematics

Syllabus of chemistry, biology and physics
