# E-Resources

---

All available electronic information resources (EIR) are listed at [eResources Portal of Charles University \(EPCU\)](#). There are purchased resources, meta resources, free-trials as well as free/open resources. You can find there databases, e-journal and e-book collections. Access to EIR

Access:

1. **on-site access** – use in case if you are working with computer connected to the network of the First Faculty of Medicine / General University Hospital. The system will connect you automatically. You do not need any ID or password.
2. **remote access** – use in case if you are working with computer out of reach of faculty/hospital network. This access is available just for a staff and students of Charles University (account in [Charles University Authentication Service](#) is required).

All resources, provided by Charles University, are made available with Shibboleth and EZproxy technology.
