
Diploma Work

Searching Thesis in Library

in Library of 3. FM CU - from loans

in Digital Repository CU - full text version Diploma Work

FOUNDATION OF THESES, BACHELOR WORKS AND DISSERTATIONS in LIBRARY

The CSI stores the theses, bachelor works of 3. FM students, dissertations and inaugurated dissertations:

- **In printed form** (only for Nursing and Physiotherapy, dissertations and inaugurated dissertations in czech language), works from other study programs are stored at appropriate departments
- **In electronic form** (all study programs since 2006), acquired from students (stored in the digital repository).

How to use and search

Printed – loans – on the bookshelves in the library

A list of printed works can be found in the electronic catalogue of the 3.FM CSI catalogue. You may select a special database in the catalogue - University works for searches in university works.

Access to the [Electronic catalogue CSI:](#)

If there is an electronic version of the printed works available – there is a link to full text- in the 3.FM CSI catalogue. If there is only an electronic version of the work available, no citation is given in the catalogue.

Electronic versions in full text

for all study programs at the 3. FM since 2006

The electronic version of theses and bachelor works of all study programs in full text are stored in full text pdf format in the Central digital repository of CU (Digitool) since 2006. **Full text is accessible only after login.**

Access to the Central digital repository - [Digitool:](#) In the digital repository you can search using keywords even directly in the full texts of all works. A complete printed list of all electronic works stored to date in the repository-arranged according to title - is placed on the bookshelves of university works.
