

Why join this course?

- ♥ Gain hands-on experience in clinical skills crucial for your medical career.
- ♥ Train with experts in a top-tier simulation center.
- ♥ Enhance decision-making & teamwork in simulated critical scenarios.
- ♥ Master essential procedures like venous and arterial blood sampling, catheter placement, bedside ultrasound, ECG interpretation, and more.
- ♥ Earn 3 ECTS credits to boost your academic record.
- ♥ Network with peers & professionals from various medical backgrounds.

This is a unique opportunity for medical students to strengthen their clinical expertise in a safe, supportive environment!

Project lead:
prof. dr. Sebastjan Bevc, MD
