Under the Sustainable Erasmus+ Travel (SET) project, the Green Storyteller Webinar will explore how the initiative promotes greener journeys and highlights the importance of sustainable travel choices for Erasmus+ students.

It will feature six Green Storytellers who have chosen eco-friendly options for travelling to their Erasmus+ destinations. They will share their unique journeys, highlights, and lessons learned while travelling sustainably across Europe.

This interactive webinar will give the audience an opportunity to engage directly with the storytellers, ask questions, and gain practical insights on how to make their own Erasmus+ journeys greener and more meaningful.
