
Information Day – Join us!

 March 28, 2026

 FORTH Science & Culture Center, Heraklion, Crete

 Live streaming available: <https://uoc-gr.zoom.us/j/81406013153?pwd=Na7dkl0BefbN8ykkxEc8zJnbY15lxJ.1>

Discover our new MSc: **Cutting-Edge Technologies in Vision Sciences**

Why this program

- Interdisciplinary: Medicine • Materials Sciences • Engineering • Mathematics • Physics • Biology
 - Strong clinical + research integration
 - Hands-on labs & cutting-edge technologies
 - English-taught | International perspective
 - Direct links to research centers & industry
-

Who can apply

- Graduates in Medicine, Biology, Physics, Engineering, Mathematics, Materials science, Optometry
 - Early-career researchers in vision science & imaging
 - Professionals seeking specialization in ophthalmic technologies
-

At the Open Day

- Meet faculty & research groups
 - Explore curriculum & modules
 - Learn about career pathways
 - Connect with alumni
-

 Join us onsite or online and explore your future in vision science.
