

Dear Colleagues,

As you may know, during 15 years, the University for Foreigners of Siena was one of the organiser of EILC (Erasmus Intensive Language Courses) in Italy. Starting from 2014/2015 academic year, the new ERASMUS+ Programme cancelled the EILC courses, which have been replaced by OLS (Online Linguistic Support).

In order to keep on our longstanding experience and give to perspective Erasmus students in Italy the opportunity to improve their Italian language skills, we organise for the forth year the **EPLUS intensive Italian language courses ONLY for 2018/2019 Erasmus+ students in Italy** (either for study or traineeship), for 2, 3 or 4 weeks, during summer 2018 and winter 2019.

Please promote this information about our EPLUS courses among all your Erasmus+ students in Italy for 2018/2019 academic year.

***IMPORTANT:** These courses are NOT for students who will spend their Erasmus for study period at Università per Stranieri di Siena (I SIENA02), because they have the chance to attend up to 3 months of Italian language courses for free.*
