

Czech dermatovenerological society ČLS JEP, z.s.  
invites you to

# „Dermatological update“

**News in Dermatological Therapy 2018**

1st March 2018  
Konferenční centrum  
**GRANDIOR**  
Na Poříčí 42, Praha 1  
www.hotel-grandior.cz

Dear colleagues,  
our dynamic branch is growing significantly every year on the therapeutic side. New therapeutic and aesthetic procedures, as well as molecules, new indications and dosage forms, are coming up. As well as abroad, the Committee of the Czech Dermatovenerological Society ČLS JEP, z.s., responded to this development and together we prepared for the 1st March 2018 an annual, namely the fifth year of the conference Dermatological update, where we can learn from the mouth of our experts in a quick and accessible way a whole range of novelties in our field. For a great success in the past years, when the conference was attended by up to four hundred participants every year, this year will be interactive, supplemented by electronic voting during lectures. Already, more than a month before the event, 306 participants are logged in and the number is increasing.

I look forward to you on behalf of the Committee ČDS  
ČLS JEP, z.s. **Petr Arenberger**
