Dr. Gordon Neufeld

Neufeld Institute, Vancouver, Canada

Before he retired, Dr. Gordon Neufeld had accumulated more than 40 years of experience as a clinical psychologist with children and youth and those responsible for them. A foremost authority on child development, Dr. Neufeld continues to be an international speaker, a best-selling author (*Hold On to Your Kids*) and a leading interpreter of the developmental paradigm. Dr. Neufeld has a widespread reputation for making sense of complex problems and for opening doors for change.

While formerly involved in university teaching and private practice, he has devoted the best part of the last two decades to creating courses for parents, teachers and helping professionals. These courses are offered primarily through the Neufeld Institute – an online educational institute and world-wide charitable organization devoted to applying developmental science to the task of raising children. Dr. Neufeld's life's work has been to help adults provide the conditions for children to flourish.
